

How to Install:

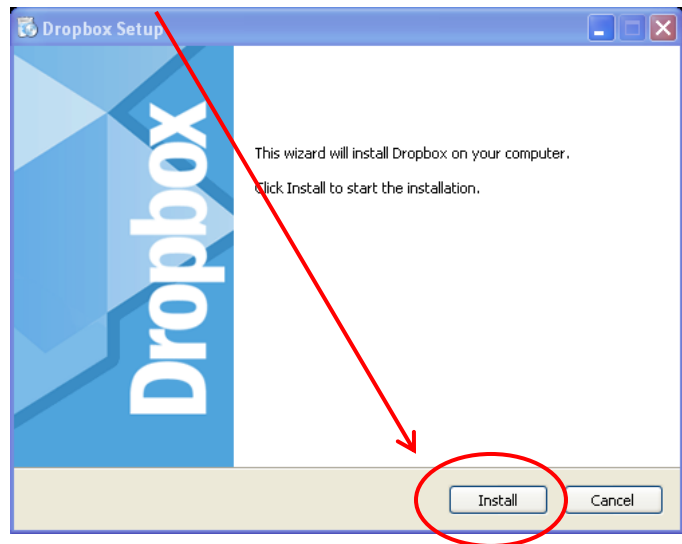

Step 1:

Start by downloading Dropbox. Simple click “Download Dropbox” at the bottom of the page and your download will begin.

Step 2:

Run/install everything the application tells you to install.

Step 3:

If you don't have an account already, make one. If you already have one click the second option. After signing up, a box that shows a bunch of GBs should come up. Select the first one, the free one, and click the "typical" box on the next step. Now you'll add your Dropbox folder to certain part of your account.

Step 4:

After completing the last steps, follow what Dropbox tells you what to do and you'll be on your way!
